For a complete tricycle, the BASIC drive train 2/3x9sp, Avid BB7 mechanical front brakes, bar end shifters, Schwalbe Delta Cruiser or similar tires. For all the details about the package, whether it will be a complete tricycle with equipment according to the your's wishes or just a frame kit, you need to contact us. For any additional questions, feel free to ask, we will be happy to help you assemble a tricycle that you will enjoy for many years. We will help you with every little thing that separates you from your perfect tricycle. Here you can write what it is...

NOTE :

Fitting a rider for a trike is a very simple process. Generally you don't need to measure the rider; you can simply size them up while fitting them for a test ride. The majority of customers will fit, and be test riding, a standard size frame.
