For a complete tricycle, the BASIC drive train 2/3x9sp, Avid BB7 mechanical front brakes, bar end shifters, Schwalbe Delta Cruiser or similar tires. For all the details about the package, whether it will be a complete tricycle with equipment according to the your's wishes or just a frame kit, you need to contact us. For any additional questions, feel free to ask, we will be happy to help you assemble a tricycle that you will enjoy for many years. We will help you with every little thing that separates you from your perfect tricycle. Here you can write what it is...

**NOTE :**

Fitting a rider for a trike is a very simple process. Generally you don't need to measure the rider; you can simply size them up while fitting them for a test ride. The majority of customers will fit, and be test riding, a standard size frame.
